PROPERTY DESCRIPTION

If you've never lived in a ranch-style home before you don't know what you're missing. Easier on the knees and no lugging that heavy vacuum up and down stairs. This clean, well-maintained ranch has 3 bedrooms, 2 full baths on 1 full acre. It has wood flooring throughout the entire home, a gorgeous updated kitchen, living room with brick fireplace, dining room and a recreation room. The eatin kitchen was done nicely with updated countertops, wood cabinets and wood flooring. The inside entrance to the finished basement has an open stairway with handrails, which leads to a recreation room equipped with a dry bar, a wood-burning stove & brick hearth, a laundry area and regular-size outside entrance. The back deck is brand new and the 1 acre lot is level with mature pines around the parameter offering lots of privacy. The owner has put a LOT of work and improvements in this beauty, including central air. But don't take my word for it, view the photos and decide for yourself. Even better, come see it for yourself.
